

Squad Report

Hurricanes Team Name Under 8's	
Opposition:- H-Cup, Hove, Haywards Heath, Horsham	
Date 6 th Feb 2011	Location Haywards Heath
Report Author	Matt Kuzemko
Players Names	

Session/Match/Festival Report

The dawn had just broken as the team selected for the H Cup at Haywards Heath departed. Car Parking nightmares preceded us as we forced the sleep from our eyes. The first hurdle was achieved an hour before the first game as we all made it. The team consisted of Sam, Henry, Sam, Henry, Dominic, Freddie, Hamish, Ben, Dan, Finn. What a bunch of stars playing some of the best rugby of the season.

The day started well with coach Neil building a concrete based timber shed complete with cobwebs! Has the legend of Neil and his shed been born!! As with most of our Sundays the rugby wind chill was in full force despite the car registering a barmy 9 degrees!

Our first game against Hove started unbelievably. The first try of the day would grace a World Cup Final. Being scored after virtually every player touched the ball. Passing it before the tackle and committing the tackler lead to an exquisite try in the corner by, I have been reliably informed, Finn. My eyes were welling from pride and the force 10 gale so forgive the journalistic interpretation. The team continued to play great rugby and the 5-3 score did not do justice to our endeavours. Well played Hove.

Next we met the mighty Haywards Heath. A match that replicated the Italy vs Ireland game for tension. Both teams played some great rugby and the Hurricanes showed some real class. The resulting 1-1 draw a fair result for all concerned. With Hastings deciding to stay at home and build sandcastles we had to play Horsham in a back to back match. Again with the superb use of substitutes the team did not drop the standard of rugby. A credit to all those that went. Well played Horsham in edging us in the last game

Session/Match/Festival Report (Cont)

Again we wish to thank our parents for the usual restraint on the touchline and the support throughout. Remember Sir is always right!

Finally we were all able to leave at a very sensible time having enjoyed a very well organised event and some great rugby. Thank you Haywards Heath.

Matt
