Session/Match/Festival Report

Referee: Kevin.

A fantastic day in the sunshine for this year's Hurricanes Cup. We ran 2 evenly mixed squads with the A/B designation decided by the time honoured method of 2 coaches competing in a game of rock/paper/scissors.

Many thanks to Paul, Kevin and Alex for their assistance with car parking and again to Alex for pitch marshalling and scorekeeping.

Due to an administrative mix up Haywards Heath were not in attendance as planned so the pool now consisted of 4 teams with each playing all of the others during the course of the day. Both Hove and Eastbourne were also playing mixed squads so we were treated to a great day of rugby with some excellent skills on display from all the teams present. The entire day was played, coached and refereed in an extremely sportsmanlike manner and was a thoroughly enjoyable event as a result.

Session/Match/Festival Report (Cont)

Both of our squads played some outstanding games with some of the best passing, tackling and support work we have seen all year. Both Hurricanes squads going into the final game unbeaten is a great achievement and the match proved to be an extremely exciting and committed affair for all concerned. The intensity of the final game did result in its fair share of bumps and bruises (more than fair in Aaron's case) which by the final whistle did have its effect on the balance of the 2 teams.

Overall an excellent showcase for the Club and our squad and thanks again to Eastbourne and Hove for making the day as competitive and enjoyable as it was.
